

WISE Newfoundland and Labrador Women in Science and Engineering

WISE NL Speaker Series

Wednesday, September 14, 2011, 7:00pm - 9:00pm
EN-4000, SJ Carew Building, Memorial University

"Tropics to Arctic" **Meg O'Neill** **President, ExxonMobil Canada**

Meg O'Neill is an ExxonMobil veteran of international assignments that spanned the globe from Indonesia to Newfoundland and Labrador. Not satisfied with simply accomplishing the job assignment, Meg finds ways to fully engage in the local culture, thus demonstrating what it means to be a citizen of the world. This is a fabulous opportunity to meet informally with Meg that should not be missed!

Everyone is welcome to attend! Refreshments will be provided, so please let us know that you're coming by emailing info@wisenl.ca.

See you there!

Women in Science and Engineering Newfoundland and Labrador (WISE NL) is a non-profit, volunteer organization which aims to increase the participation of women in science, technology, engineering and mathematics careers by increasing awareness that these professions are rewarding and exciting options for women. WISE also provides mentoring, professional developing and networking opportunities to facilitate the success of women in these fields, and are advocates for equitable workplaces.
